Morinville

What goes where?

A little sorting. More resources recovered.

ROSERIDGE

ORGANICS

Food scraps
Meat, dairy, bones, bread & leftovers

Coffee grounds & tea bags

Yard trimmings
Grass, leaves & small twigs

If it doesn't grow, it doesn't go.
No packaging, bags or liners.
Even when labelled compostable.

RECYCLING

Packaging and paper products

Expanded recycling accepted since Oct. 1, 2026

Paper, cardboard and boxboard

Plastic containers

Metal cans, foil and trays

Glass bottles and jars

Flexible plastic packaging
Bags, wrappers and bubble wrap

Foam packaging
Trays, cups and protective foam

Laminated paper packaging
Lined cups, cartons and chip tubes

Empty non-hazardous aerosols
Food spray, hairspray and deodorant

Empty containers. Remove food residue.
Flatten cardboard to 60 × 60 cm or smaller.
Accepted packaging and paper go together, curbside or at Roseridge depots.

GARBAGE

Diapers, wipes and facial tissue

Hygiene items

Pet waste and cat litter

Dryer lint

Worn-out clothing and textiles

Broken plastic household items

Keep these out of organics and recycling

Separate drop-off. More recovery.
Bring household batteries, electronics and eligible paint to Roseridge for separate drop-off. Take aerosols containing hazardous products to the Household Special Products (HSP) drop-off area. Please do not set these items out with curbside recycling or place them in depot recycling.

Not sure? Check before you toss. | roseridge.org/recycling

Use the Circular Materials app for recycling guidance.
